EXCEPTIONAL CARE IN THE LUXURY OF YOUR HOME

Welcome to LIFE OF LEISURE HOME CARE

We provide luxurious in-home care services for seniors and older adults. The goal of our service is to ensure that you or your loved one maintain the highest level of independence possible with support from our qualified professional caregivers. Our staff is dedicated to our high standards of excellence, consistently going above and beyond.

We take pride in ensuring an extraordinary experience. The first step is an in-depth assessment to discover your unique care needs, preferences, and personal history. We then develop a personalized and comprehensive Plan of Care aligning your needs with the perfect caregiver. We become your supportive partner from the very first day, so you can focus on achieving your life goals, and your family can be at ease. Our commitment is to guarantee dignity and the utmost respect. You can count on us to make a positive difference in your life.

HOME SUPPORT SERVICES

Companionship

At Life of Leisure, we believe in providing holistic care, including physical, emotional, and mental health. Our companionship services emphasize the importance of emotional and mental health. In life, we seek to enhance meaning and purpose. As part of our companionship plans, we engage with your personal history and provide meaningful activities, not just entertainment.

Meal Preparation

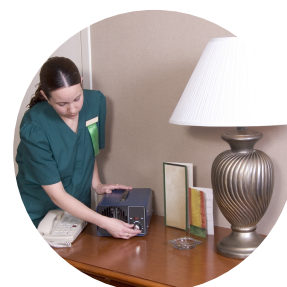

Preparing fresh and healthy meals packed with essential nutrients requires time and planning to achieve. With Life of Leisure, we help you ditch the old routines of fast-food, frozen dinners, meal replacement shakes, or even skipping a meal altogether. Every week, we prepare a meal plan customized to your nutritional requirements and specific tastes.

Housekeeping Assistance

Maintaining a clean and tidy home environment is essential for your health and wellbeing. Seniors with mobility challenges may have difficulty completing daily chores. Having a cluttered environment also poses a safety hazard, leading to potentially serious accidents.

We offer essential housekeeping services so you can spend more time doing what you love. We offer a range of services that will include a personalized cleaning checklist and schedule based on your unique needs and home set up. In certain circumstances, a deep clean may be recommended by one of our trusted partners prior to our weekly maintenance program.

Transportation

Mobility challenges, weather conditions, or simply limited time can affect our ability to perform our weekly errands with ease. Life of Leisure offers luxury chauffeur services and assistance with errands such as grocery shopping, medical appointments, and social engagements. Our services include safe, comfortable transportation and assistance in the store if needed. There is no need to sacrifice anything on your event calendar with our support!

PERSONAL CARE SERVICES

Medication Management

Nearly 40% of adults over the age of 65 take 5 or more prescription medications per day, often from multiple providers. Seniors may have difficulty handling their medications correctly due to impaired memory, impaired vision, or frequent adjustments to dosing or timeframes. Both double dosing and skipped doses can be life-threatening or reduce the effectiveness of the medication.

We offer different levels of service based on your medication management needs. Our caregivers can offer simple medication reminders or can personally distribute the appropriate medication to the senior.

Activities of Daily Living

Activities of Daily Living, ADLs, are fundamental and essential skills required to care for oneself. These routine skills can become more difficult or even impossible as we age. As a result, this can negatively affect health and well-being on a physical and emotional level.

Life of Leisure Home Care is here with helping hands for personalized ADL assistance. We take the time to understand your individual needs and preferences, and support your current level of independence. You can count on our caregivers to help you look and feel your best. We Assist with the following ADLs:

-Dressing and Grooming. -Incontinence Care. -Toileting Assistance

-Shower/Bathing Assistance -Ambulation and Transfer Assistance

-Feeding Assistance

Alzheimer's and Dementia Care

Life of Leisure Home Care has a specialized team to directly serve the growing need for memory loss support and care. Our caregivers receive advanced training to assist clients with memory loss, dementia, and Alzheimers, equipping them with the tools and abilities to provide compassionate loving care.
